CINAHL Ultimate

6 WAYS

the **leading nursing** and
allied health database
empowers you and your nurses

1. **Supports your institution's Magnet® journey**
   Coverage of best practices, nursing theory, and instructional content helps foster a culture of excellence, inquiry and lifelong learning essential for attracting and retaining nurses.

2. **Reinforces policy and procedures**
   Access to authoritative, evidence-based literature supports clinical decision-making and organizational compliance.

3. **Advances professional development and supports licensure**
   190+ comprehensive Continuing Education modules can be uploaded into your LMS with a SCORM file.

4. **Promotes precise searching**
   The unique PICOT search screen helps nurses create and refine clinical questions before they begin research.

5. **Helps nurses build skills and refine techniques**
   300+ instructional videos reinforce knowledge of procedures, treatments and best practices.

6. **Supports evidence-based practice**
   It gives nurses seamless access to high-quality, peer-reviewed nursing and allied health research that informs clinical decisions for safe, effective, and consistent patient care.
