CINAHL Ultimate

Searching CINAHL Ultimate

- 1 Keyword search**
Enter a keyword or phrase to search
- 2 Apply additional fields**
- 3 Filter search**
Add filters including Publication Date, Author, Peer Reviewed, Linked Full Text and Abstract Available
- 4 Suggest subject terms**
Search CINAHL Headings

The screenshot shows the EBSCOhost search interface. On the left is a navigation sidebar with sections: My dashboard (Projects, Saved, Recent activity, Holds & checkouts, Alerts), Research tools (New search, Multimedia assets, Help, Publications authority, CINAHL Headings), and Additional Resources (New EBSCO Discovery Service, EBSCO Connect, Business Searching Interface, LitBase). The main search area has a search bar with 'diabetic foot' entered (1). Below the search bar are three rows of filters, each with 'AND' and 'All fields' dropdowns (2). A 'Search' button is on the right. Below the search bar is a 'Filters' section (3) with a 'Limit your results' heading and a 'Clear all' link. The filter list includes: Full Text, References Available, Abstract Available, English Language, Peer Reviewed, Research Article, Exclude Pre-CINAHL, Search Only Pre-CINAHL, Exclude MEDLINE records, CE Module, Evidence-Based Practice, and Meta-Synthesis (4).

Navigating the Results Page

- 5 Choose databases**
Change the database you are searching or apply additional databases to your searches
- 6 Advanced search**
Change from the Basic Search Screen to Advanced
- 7 Search history**
Find previously viewed articles and searches
- 8 Other Result List Functions**
 - Refine your results using filters
 - Click on available Full Text
 - Limit your results by Source Type
 - Use the Projects folder to print, email or save multiple results at once

The screenshot shows the EBSCOhost search results page. The search bar contains 'diabetic foot' (5). Below the search bar are filters for 'All filters (0)', 'Full Text', 'Peer Reviewed', 'All time', and 'Source type' (8a, 8b, 8c). An 'Advanced search' button is on the right (6). The results section shows 'All results' selected, with 'Evidence-based care sheets', 'Quick lessons', and 'Video' options. The results list shows 'Results: 13,456' and a 'Show: 50' dropdown. Two articles are displayed: 1. '5-Year Follow-Up of Advanced Therapy Use in High-Risk Diabetic Foot Ulcers.' by Doucette, Margaret; Seabolt, Stephanie; Payne, Katrice. 2. 'Preserving the first ray or first two rays in forefoot amputation for diabetic foot ulcers.' by Mao, Wei; Jiang, Da-Jun; Zhang, Ying-Qi. Each article has 'Access options' and 'More like this' buttons.
