

PrepSTEP® College

Helping you succeed in college,
your career and beyond

Whether you're earning a degree, preparing for a certification or launching your career, **PrepSTEP College** from EBSCOlearning gives you the tools to achieve your goals. Build confidence with practice tests, tutorials, microlessons, videos, e-books, flashcards and more — all in one easy-to-use learning platform.

Academic Success

Strengthen your English, math and science skills, improve information literacy, and develop stronger research and study habits.

Career Exploration & Professional Preparation

Explore career paths, prepare for occupational and professional certification exams, and develop the skills needed to enter the workforce.

Educational Advancement

Prepare for placement and admissions exams, explore schools and scholarships, and plan your next educational milestone.

Digital Literacy & Technology Skills

Build computer and internet skills, master Microsoft Office applications, develop AI literacy and explore cloud computing with Amazon Web Services (AWS) training.

Career & Workplace Readiness

Develop the workplace skills employers value, including keyboarding, professional communication, time management, networking, interviewing and job search strategies to help you stand out in today's job market.

Your future starts here.
