began divesting itself of the Ok Tedi mine and taking major financial charges against operations.

The message from this story: *Social issues are complex, intertwined with environmental issues, and owned not only by the parent company but also throughout the value chain.* Nike owned the child labor issues in the late 1990s that led to a Supreme Court lawsuit; Apple owned the Foxconn labor and environmental abuses a decade ago; and every company that purchased copper sourced at Ok Tedi owned the social and environmental issues in Papua New Guinea.
