

Become Touch-Type Ready Using the LearningExpress Keyboarding Course

Whether you're just a beginner or want to improve your typing abilities, you'll have fun while building this essential skill. Through interactive learning and real-time feedback, the LearningExpress keyboarding course is designed to help you learn to type, increase your typing speed, and develop strong keyboarding habits to last a lifetime.

Using this tutorial, you'll progress through the stages of typing — from single keystrokes to combo keystrokes, all the way to typing complete paragraphs, punctuation and all. Or, simply jump in where you feel comfortable!

What's Your WPM?

The LearningExpress keyboarding course tracks your words per minute, or WPM, to assess your typing speed. The higher your WPM, the faster you are able to create and communicate!

By using this course, you will:

-  **Enhance communication**
-  **Work more comfortably**
-  **Reduce mental fatigue**
-  **Increase your confidence**
