Resources from Experts in the Fields of Anthropology & Sociology

Dig into resources developed by the British Museum, Harvard University and the National Association of Social Workers.

[Anthropology Plus](#)

A compilation of the Anthropological Index Online and Anthropological Literature databases, this resource is an extensive index of bibliographic materials covering the fields of anthropology, archaeology and related interdisciplinary research.

[Anthropological Index Online](#)

Offering access to hundreds of journals from the British Museum's Anthropology Library, this resource is an essential periodical index covering the fields of physical anthropology, archaeology, cultural ethnography and linguistics.

Resources from Experts in the Fields of Anthropology & Sociology

[Anthropological Literature](#)

This database is produced by Harvard University under the direction of the Peabody Museum of Archaeology and Ethnology and provides indexing for the fields of anthropology and archaeology. Specifically, this includes social and cultural anthropology, Old and New World archaeology, physical anthropology and related subjects, with an emphasis on Mesoamerican, Native American and Andean archaeology and ethnology.

[Social Work Abstracts](#)

Produced by the National Association of Social Workers, this database provides indexing and abstracts for journals dealing with all aspects of the social work field, including theory and practice, areas of service and social issues and problems.

Resources from Experts in the Fields of Education & Behavioral Sciences

Learn about the latest in education, testing and behavioral health with specially-created databases the American Psychological Association (APA), Behavioral Measurement Database Services, Buros Center for Testing and Education Resources Information Center.

[APA PsycArticles®](#)

Delve into the science of psychology and behavior with APA PsycArticles, the database of full-text peer-reviewed articles published by the APA and affiliated journals.

[APA PsycBooks®](#)

Significant in scope and depth, this database offers the most current and only comprehensive collection of full-text scholarly and professional books published by the APA. Providing a pathway through the evolution of psychological thought, it gives students, researchers and educators access to high-quality publications in psychology and related fields.

Resources from Experts in the Fields of Education & Behavioral Sciences

[APA PsycExtra®](#)

This high-quality database produced by the APA allows behavioral science researchers to go beyond traditional peer-reviewed materials. It combines bibliographic records with unique full-text materials, offering conference presentations, newsletters, reports, fact sheets, magazines, monographs and more.

[APA PsycInfo®](#)

This database is the world's largest resource devoted to peer-reviewed literature in behavioral science and mental health. Produced by the APA, it is an indispensable tool for the discovery of global scholarly research.

[APA PsycTests®](#)

This database is an authoritative source of structured information about tests of interest to a variety of fields. Produced by the APA, it provides access to thousands of actual test instruments, most of which are available for immediate download and use in teaching and research.

Resources from Experts in the Fields of Education & Behavioral Sciences

[ERIC](#)

ERIC (Education Resources Information Center) is an authoritative database of indexed and full-text education literature and resources. Sponsored by the Institute of Education Sciences of the U.S. Department of Education, it is an essential tool for education researchers of all kinds.

[Health and Psychosocial Instruments \(HaPI\)](#)

Produced by Behavioral Measurement Database Services, this bibliographic database is abstracted from hundreds of leading journals covering health and psychosocial sciences. It provides information about behavioral measurement instruments, including those from Industrial Organizational Behavior and Education.

[PEP Archive](#)

PEP Archive is the essential database for psychoanalytic research. Covering many languages and notable authors, it offers peer-reviewed, full-text journals and classic books for psychoanalytic studies.

Resources from Experts in the Fields of Education & Behavioral Sciences

[Mental Measurements Yearbook with Tests in Print Internacional](#)

Produced by the Buros Center for Testing at the University of Nebraska, this resource is essential for evaluating contemporary testing instruments. Designed for novices and professionals alike, it contains full-text reviews for test products in psychology, education, business and leadership. In addition, it provides a bibliography to English and Spanish-language tests.

Resources from Experts in the Humanities

Experts from Avery Architectural, Fine Arts Library at Columbia University, the Modern Language Association (MLA), OnArchitecture, Le Répertoire international de la presse musicale (RIPM) and Répertoire International de Littérature Musicale (RILM) develop tools for students and researchers in the fields of architecture, literature and music.

[Avery Index to Architectural Periodicals](#)

Published by the Avery Architectural and Fine Arts Library at Columbia University, this database indexes journal articles on architecture and design, covering subjects such as the history and practice of architecture, landscape architecture, city planning, historic preservation, and interior design.

[Index to Printed Music](#)

This invaluable high-quality index for music researchers and students is the only electronic resource for finding individual pieces of music from ancient Greek times to present published in standard scholarly editions, series and sets.

Resources from Experts in the Humanities

[Iter Bibliography](#)

Published by Iter Press, Iter Bibliography is a comprehensive and authoritative database of over 1.5 million citations for secondary source material about the Middle Ages and Renaissance (400-1700).

[MLA International Bibliography with Full Text](#)

This database combines the definitive index for the study of language, literature, linguistics, rhetoric and composition, folklore and film with an extensive collection of full text that includes many of the most-used journals in the MLA International Bibliography.

[OnArchitecture](#)

OnArchitecture is an audiovisual archive of architecture online, founded in 2012 by Chilean architects Felipe De Ferrari and Diego Grass along with psychologist Claudio Mesa. It offers a deep and detailed panorama of the world's main authors, works, experiences and issues related to the field of architecture.

[RILM Abstracts of Music Literature with Full Text](#)

In addition to metadata and abstracts curated and written by RILM's global team of subject experts, RILM Abstracts of Music Literature with Full Text offers full-text searching and cover-to-cover browsing.

Resources from Experts in the Humanities

[RILM Music Encyclopedias](#)

The collection currently includes seminal titles (published from 1775 to the present), and new content is added every year. This is an extensive global resource designed to meet the research needs of the international music community.

[RIPM Jazz Periodicals: Music, History, and Culture](#)

This full-text database features a unique collection of rare and historically significant jazz periodicals, providing an invaluable window into the development and evolution of jazz as an art form and to the historical, cultural, and sociological facets of American and twentieth-century life that it permeates.

[RIPM Preservation Series: European & North American Music Periodicals](#)

RIPM Preservation Series: European & North American Music Periodicals is a unique collection of primary source music periodicals not covered in RIPM Retrospective Index to Music Periodicals with Full Text. This new collection is international in scope and not available in any other online resource or in any library.

[RIPM Retrospective to Music Periodicals with Full Text](#)

This full-text database is a unique collection of primary source material and periodicals for the study of music and musical life from 1760 to 1966. It provides resources not found in any library, including complete runs of numerous periodicals pieced together from many different collections.

Resources from Experts in the Fields of Politics, Policy & International Relations

Discover a wide world of perspectives with databases from the American Economic Association, the Association of Asian Studies, the International Political Science Association, William S. Hein & Co. and World Politics Review.

[Bibliography of Asian Studies](#)

Bibliography of Asian Studies (BAS), published by Association of Asian Studies, is the most comprehensive Western-language database for research on East, Southeast and South Asia. It covers all subjects with special focus on the humanities and social sciences.

[EconLit with Full Text](#)

As the most reliable full-text source for economic research, this database offers full text for hundreds of journals including the American Economic Association journals with no embargo. In addition to full-text coverage, the database contains indexing and abstracts for economic journals.

Resources from Experts in the Fields of Politics, Policy & International Relations

[HeinOnline Code of Federal Regulations](#)

HeinOnline Code of Federal Regulations features the codification of the general and permanent rules and regulations published in the Federal Register dating back to its inception in 1938.

[HeinOnline Federal Register](#)

HeinOnline Federal Register provides comprehensive coverage of The Federal Register, a legal newspaper published by the National Archives and Records Administration.

[HeinOnline Legal Classics](#)

The HeinOnline Legal Classics library offers thousands of classic treatises from some of the greatest legal and academic minds in history such as Joseph Story, Jeremy Bentham and William Blackstone.

[HeinOnline U.S. Congressional Documents](#)

HeinOnline U.S. Congressional Documents features the complete Congressional Record bound version, as well as the daily version back to 1980, plus the three predecessor titles as well as more than 70,000 congressional hearings and thousands of committee prints, CRS Reports, House documents, Senate documents and much more.

Resources from Experts in the Fields of Politics, Policy & International Relations

[HeinOnline World Constitutions Illustrated](#)

HeinOnline World Constitutions Illustrated includes information on constitutional and political development of every country in the world. It includes both historical and current constitutions for every country in multiple languages, as well as books and other documents.

[International Political Science Abstracts](#)

International Political Science Abstracts (IPSA), produced by the International Political Science Association, provides non-evaluative abstracts of articles in the field of political science published in journals and yearbooks around the world.

[World Politics Review](#)

This unique database provides uncompromising analysis of critical global trends to give academics, policymakers and businesspeople the context they need to have the confidence they want.

Resources from Experts in the Fields of Religion & Philosophy

Consider expertly curated resources from Atla, the Catholic Biblical Association, Index to Jewish Periodicals and the Philosopher's Information Center for students and researchers in the areas of religion, theology and philosophy.

[Atla Religion Database®](#)

Produced by Atla, a membership association of collectors and connectors in religion and theology, this database is an essential resource for religious and theological studies, providing bibliographic records covering topics such as biblical studies, world religions, church history and religion in social issues.

[Atla Religion Database® with AtlaSerials](#)

This database is published by Atla and combines the premier indexing from Atla Religion Database (Atla RDB) with AtlaSerials (Atlas), one of Atla's online full-text collections of major religion and theology journals.

Resources from Experts in the Fields of Religion & Philosophy

[Atla Religion Database® with AtlaSerials PLUS](#)

Atla Religion Database (Atla RDB) with AtlaSerials PLUS (Atla PLUS) combines the premier index to journal articles, book reviews and collections of essays in all fields of religion with Atla's largest online collection of major religion and theology journals.

[Index to Jewish Periodicals](#)

Intended for students of Jewish thought and others interested in contemporary Jewish and Middle Eastern studies, this index provides a comprehensive guide to English-language articles, book reviews and feature stories devoted to Jewish affairs and published throughout the world.

[New Testament Abstracts Online](#)

A product of a partnership between Atla and Boston College, this database is an indispensable research and bibliographic aid for religion and theology scholars, librarians, clergy and students of the New Testament and its historical milieu.

Resources from Experts in the Fields of Religion & Philosophy

[Old Testament Abstracts Online](#)

A product of a partnership between Atla and the Catholic Biblical Association, this database features indexing and abstracts for religion and theology journal articles, monographs, multi-author works and software related to Old Testament studies.

[The Philosopher's Index with Full Text](#)

Produced by the Philosopher's Information Center, The Philosopher's Index with Full Text is the most comprehensive bibliographic philosophy database covering scholarly research in all major fields. International in scope, this leading database provides full text of philosophy's most esteemed journals.

Resources from Experts in the Fields of Science & Technology

Esteemed organizations including American Geosciences Institute, CABI, Clarivate Analytics, IFIS Publishing, Institute of Engineering and Technology, the University of Tulsa and the U.S. Department of Agriculture, provide a range of STEM resources.

[AGRICOLA](#)

Containing bibliographic records from the U.S. Department of Agriculture's National Agricultural Library, AGRICOLA provides millions of citations relating to the field of agriculture. Citations are comprised of journal articles, book chapters, theses, patents, software, audiovisual materials and technical reports to support agricultural research.

[BIOSIS Previews](#)

Produced by the Web of Science Group, BIOSIS Previews is an expansive index to life sciences and biomedical research from journals, meetings, books, and patents. The database covers pre-clinical and experimental research, methods and instrumentation, animal studies and more. Includes BIOSIS indexing and enhanced MeSH disease terms.

Resources from Experts in the Fields of Science & Technology

[CAB Abstracts with Full Text](#)

Produced in collaboration with the experts at CABI, CAB Abstracts with Full Text provides access to the world's applied life sciences literature. Coverage includes subjects across the applied life sciences — from agriculture, the environment, and veterinary sciences, to applied economics, leisure/tourism and nutrition.

[FSTA – Food Science and Technology Abstracts with Full Text](#)

FSTA with Full Text is a specialized full-text database covering scientific and technological literature relating to food, beverages and nutrition. It is produced in collaboration with a team of experts within IFIS, a not-for-profit organization with an ongoing commitment to learning and development, and a reputation for scientific integrity, accuracy and excellence.

[GeoRef](#)

Produced by the American Geosciences Institute, this comprehensive geosciences database contains bibliographic records for geosciences literature from around the world. Coverage within the database includes the geology of North America from 1666 to the present, as well as global coverage dating back to 1933.

Resources from Experts in the Fields of Science & Technology

[Global Health](#)

Produced by CABI, this database was created to ensure that key literature from all sources can be brought to the attention of those working in public health. The database covers all aspects of public health at both international and community levels, as well as a wealth of material from other biomedical and life science fields.

[Inspec with Full Text](#)

Created by the Institution of Engineering and Technology, Inspec provides abstracts and indexing to the world's scientific and technical papers in physics, electrical engineering, electronics, communications, control engineering, computing, information technology, manufacturing, production and mechanical engineering.

[International Pharmaceutical Abstracts](#)

Produced by the Web of Science Group, this comprehensive database provides indexing and abstracts for pharmaceutical and medical journals published worldwide. It is essential to anyone interested in keeping abreast of today's health-related drug literature.

Resources from Experts in the Fields of Science & Technology

[Polymer Library](#)

This is the world's largest abstracts database dedicated to plastics, rubber, polymer composites and adhesives. Produced by the expert team at WTI-Frankfurt-digital, this database contains information from journals, conference proceedings, books and reports.

[Zoological Record](#)

Produced by the Web of Science Group, Zoological Record is the world's oldest continuing database of animal biology. It is considered the world's leading taxonomic reference, and with coverage back to 1864, has long acted as the world's unofficial register of animal names. The broad scope of coverage ranges from biodiversity and the environment to taxonomy and veterinary sciences.

Expert subject databases enable serious researchers to conduct a thorough review of literature with speed and efficiency.
