Got the library workflow woes? EBSCO is here to help!

EBSCO

EBSC

Want more specialized database content?

Check out **Education Source Ultimate, CINAHL Ultimate, Humanities Source Ultimate, Sociology Source Ultimate** and **Applied Science & Technology Source Ultimate** — or ask for suggestions!

Need to provide remote access to key titles?

Explore **EBSCO eBooks**, offering the choice between title-level featured collections or subject sets, and subscription collections for your acquisition preferences.

Having trouble with authentication?

Try **OpenAthens** for seamless single sign-on and easy account management.

Looking for a more modern integrated library system (ILS)?

Turn to **FOLIO**, a modular, collaborative platform that goes beyond the traditional ILS, including complete implementation and data migration services from EBSCO.

Tired of MARC? Want to reach users on the open web?

Let **BiblioGraph** enhance the portability, visibility and value of your library catalog.

Concerned about siloed content?

Try **EBSCO Discovery Service** to offer a single search and access point for your library's resources, all in a great user experience.

Struggling with data platform overload? Use Panorama to bring your disparate data together for on-

Use **Panorama** to bring your disparate data together for ondemand viewing.

Contact your EBSCO representative for more information.
