

Build your ideal e-book collection with titles from top publishers and university presses

EBSCO offers over **2.4 million high-quality e-book titles** from top traditional and university publishers, ensuring that you'll find valuable, trusted content with every search. Build a collection from a growing selection of best-selling, frontlist and award-winning e-books across a wide range of subject matter—including academic titles, popular fiction, business, medical collections and more. Or, choose from EBSCO's pre-packaged collections, hand-selected by our Collection Development Librarian team.

With EBSCO's extensive collection available on EBSCOhost and EBSCO Discovery Service, relevant titles will appear directly alongside your other EBSCO databases, exposing users to the full depth of your library's offering and increasing usage and visibility of your library's entire collection.
