

# Dynamic Health<sup>TM</sup> CDS + Skills

Confidence in Care with Evidence-Based Decision  
Support and Training Resources  
for Nursing and Health Professionals

## Dynamic Health CDS + Skills

is an innovative, evidence-based resource designed to help nurses and health professionals master critical skills, obtain fast, accurate answers to clinical questions, and foster a culture of evidence-based practice and critical thinking, leading to improved patient outcomes.

Created by the same world-class team of nurses, health professionals and librarians as the **CINAHL databases**.

## Increase Confidence at the Point of Care

- **Expertly Curated and Concise Content:**  
Using CINAHL, Mosby, Lippincott Williams & Wilkins, American Nursing Association, American Nurses Credentialing Center and hundreds of other resources
- **Leadership Resources:**  
Content covering professional development, case management, navigating workplace challenges, and more.
- **Proprietary Videos & Images:**  
High-quality media provide visual and practical demonstrations to better grasp essential skills and increase confidence.
- **Closing the Health Equity Gap & Addressing Health Disparities**
- **Culturally Sensitive Care Skills:**  
Ensure patients' medical needs are met while supporting their culture and traditions.
- **Identify and Reduce Implicit Bias:**  
Resources to help clinicians provide more equitable and compassionate health care.
- **Home Health & Hospice:**  
Recommendations and guidelines from key publications.

## Better Together

Our partnerships create the  
**#1 nursing CDS solution available.**

- **MCN Solutions:**  
A complete solution for healthcare organizations policy and procedure creation, upkeep, and management needs.
- **HealthStream:**  
Earn CE credit and access skills checklists.
