Proven, Reliable Workflows
Built for Community College Libraries.

When it comes to building strong course collections, reliability matters. For more than 50 years, GOBI Library Solutions has been the trusted partner libraries count on for dependable acquisitions and collection support. GOBI provides proven workflows built for community colleges to make it easy to find, order, receive, and manage print and e-books with consistency and control.

Why Community Colleges Choose GOBI:

- Streamlined firm ordering so required titles get to campus quickly

- Keep high-demand titles flowing with our Adult and Juvenile Awards Programs, covering more than 1,000 U.S. and U.K. awards

- Continuations Service to manage multi-part and ongoing series, supporting more than 70,000 active titles across disciplines such as career and technical education, nursing, allied health, and other academic programs

- Cataloging and processing services so books arrive shelf-ready

- Straightforward pricing for predictable budgets

- Free weekly consolidated shipping* and clean invoicing for business office alignment

- Standing Order options and replacement project support for steady refresh of high-use titles

- Stay current on titles featured in top academic and literary reviews through our Key Review Service, covering more than 1,000 U.S. and U.K. award programs for adult and children's books

- Comprehensive Opening Day Collection services, from title selection to shelf-ready deliver.

GOBI Library Solutions

Built for Libraries

- Simple, training-friendly workflows with quick onboarding

- Configure multiple campuses and libraries under one account

- Share Folders, Alerts, and Notes so selectors and faculty liaisons can collaborate

- Use concise LC and Dewey profiles to tailor selection by program area

- Mirror plans and customize fund codes for grants, departments, or campuses

- Advanced Search plus personal or shared Folders to store, review, and reuse title sets

- Add Library Notes to GOBI records and save searches for fast reordering each term

- Optional e-book purchasing alongside print to support flexible access

About GOBI Library Solutions

With GOBI, libraries can:

- Search, select, and order print and e-books from thousands of publishers

- Manage budgets and acquisitions with real-time tracking and reporting tools

- Streamline cataloging, invoicing, and delivery through integrated technical services

- Connect with major library systems for efficient, end-to-end workflows

- Access expert collection development support from GOBI's in-house librarians

GOBI helps community college libraries strengthen collections and simplify acquisitions with reliability you can trust.
