

ASVAB Mastery Made Easy

LearningExpress provides a step-by-step guided course for success on the ASVAB test.

Features include:

- Integrated learning pathways that allow you to progress through resources step-by-step or choose specific branches based on diagnostics or preference
- Diagnostic pretests, progress checks, post-tests and practice tests with detailed score reports that identify your strengths and weaknesses and provide easy access to targeted recommendations
- Key microlessons that help you understand the ASVAB test, including a preparation system, an overview of the test, information on where to take it, steps for getting into the military and a review of the enlistment process at a Military Entrance Processing Station (MEPS)
- Additional resources such as e-books, games, interactives, flashcards and more
- A universally accessible interactive glossary of test terms and concepts you should know
